- Hit send
- You will receive a message confirming receipt of the documents

Wellness exams: (for SWYC forms, if your baby/child was born premature, please use the form that is adjusted to what it should be if your baby/child were born at term; for example, a baby born at 27 weeks is 13 weeks earlier and if the baby comes for the 6-month wellness exam, use the 2-month SWYC. No adjustment is necessary after 24 months of life. You can also use the Excel SWYC form calculator provided below.):
