

Heads Up, Tripler Army Medical Center Community

Starting July 25, 2025, Tripler Army Medical Center patients and staff will experience changes to how they enter the hospital grounds due to construction aimed at improving traffic flow.

To reduce congestion, we will be temporarily using two different entry locations once you are on TAMC Campus.

Here's what you need to know:

Initial Change (starting July 25, 2025, 5 a.m.-8 a.m.): All traffic entering through the left lane will be diverted to Krukowski Road. All traffic entering through the right lane will remain on Jarret White Road, Monday through Friday, between 5 a.m. – 8 a.m.

These changes are being made to reduce delays for both employees and patients, and to improve safety near the H201 exit ramp.

If you miss your appointment or need to reschedule, please contact the appointment line at 888-673-2778.

Tripler Army Medical Center appreciates your patience as we work to improve access to care.

See below map of the new traffic pattern
